- Ballast Flap with Actuator
- Trailer Stone Guards
- Outriggers

Bar Crusher’s 615WR is a classic centre console boat that has been designed for maximum walk-around fishability.

Whether casting lures, trolling livebaits or fighting a decent fish around the boat, this super-tough sportfishing rig is all business.

Measuring 6.15m length overall, with a 2.25m beam, the 615WR’s ultra-smooth ride is the result of its high-tech Waveslicer non-pounding, deep-V hull, while the expertly-engineered Rigideck sub-floor system ensures maximum hull strength. The boat is extremely stable at rest, thanks to Bar Crusher’s exclusive Quickflow water ballast technology.

The evolutionary Gen2 hull design combines key features including a wider negative chine running forward, optimised wider chine aft and the distinctive Delta Flare – delivering greater hydrodynamic lift for more efficient planning and improved fuel economy, a higher bow attitude and better spray deflection for a drier ride, as well as increased stability at rest.

This package is available with both Yamaha and Suzuki 4-Stroke Outboards

We offer in house finance and insurance packages to approved customers. Call us today to tailor a Bar Crusher package to suit your needs.
