## SPORTS 575

### At last your new boat has arrived...

Baysport Boats **Sports 575** is one of the most practical and affordable all-rounders on the Australian market. Suitable for fishing, skiing or family cruising.

The hull with its twenty one degree deadrise offers a smooth dry ride suitable for family days on the water or heading offshore for a days fishing.

The layout of the boat is such that anglers can enjoy a great days fishing without tripping over each other, while the cabin with its twin vee bunks offers true overnight accommodation.

The versatility of the Sports 575 is what makes this boat so popular.

The Sports 575 is a true performer on the water with appealing lines and a modern finish. What's more the Sports 575 can be comfortably towed with most mid-size or larger family vehicles and is not a handful at the ramp.

The Sports 575 incorporates  
Baysport Boats cutting edge convex hull design.
