- Rear Deck LED Lights

- Floor Tube Matting

- Fusion Stereo System

- Offshore Safety Gear

Designed as an all-round fishing and family boat – and constructed from heavy duty, high-tensile 4mm (bottom sides) and 3mm (top sides) marine grade plate aluminium – the 535C a superbly-engineered boat that's ideal for estuary, bay and inshore coastal boating.

Measuring 5.35m length overall, with a 2.15m beam, the 535C incorporates all of Bar Crusher's exclusive features - high-tech Waveslicer non-pounding, deep-V hull; super-strong Rigideck sub-floor system with fully-welded checkerplate floor: and Quickflow water ballast technology for superior stability at rest.

The evolutionary Gen2 hull design combines key features including a wider negative chine running forward, optimised wider chine aft and the distinctive Delta Flare – delivering greater hydrodynamic lift for more efficient planning and improved fuel economy, a higher bow attitude and better spray deflection for a drier ride, as well as increased stability at rest.

This package is available with both Yamaha and Suzuki 4-Stroke Outboards

We offer in house finance and insurance packages to approved customers. Call us today to tailor a Bar Crusher package to suit your needs.
