- Fusion Stereo System
- Ballast Flap with Actuator
- Trailer Stone Guards
- Outriggers

Bar Crusher’s 615BR pulls triple duty as the ultimate family boat, fishing boat and sports boat.

This new model is a dual-console bowrider design, with the walk-through windscreen providing access to a comfortable forward lounge, which quickly converts to a large and functional casting platform. The fold-away rear lounge, interchangeable baitboard/skipole and other innovative features make it a truly versatile family/fishing/sports boat.

Whether it be towing the kids around the lake in a ski biscuit to water skiing with friends down the river, or an early morning session chasing snapper to an afternoon snorkelling your favourite reef, the 615BR can do it all!

Measuring 6.15m length overall, with a 2.25m beam, the super-tough 615BR is constructed from heavy duty, pre-stressed 4mm (bottom sides) and 4mm (top sides) marine grade plate aluminium. This high-performance and functional bowrider is built on Bar Crusher’s evolutionary Gen2 hull and, like all Bar Crusher boats, incorporates other exclusive innovations such as the Waveslicer non-pounding, deep-V hull for an ultra-smooth ride, Rigideck engineered sub-floor system for maximum hull strength, and Quickflow water ballast technology for excellent stability at rest.

The evolutionary Gen2 hull design combines key features including a wider negative chine running forward, optimised wider chine aft and the distinctive Delta Flare – delivering greater hydrodynamic lift for more efficient planning and improved fuel economy, a higher bow attitude and better spray deflection for a drier ride, as well as increased stability at rest.

This package is available with both Yamaha and Suzuki 4-Stroke Outboards

We offer in house finance and insurance packages to approved customers. Call us today to tailor a Bar Crusher package to suit your needs.
