- Trim Tabs
- Floor Tube Matting
- Bunk Infill
- Fusion Stereo System
- Ballast Flap with Actuator
- Trailer Stone Guards
- Outriggers

Designed for inshore and offshore fishing – and constructed from heavy duty, pre-stressed 4mm (bottom sides) and 4mm (top sides) marine grade plate aluminium – this versatile cuddy cabin model is widely acclaimed as the perfect all-round boat for Australian conditions.

Measuring 6.15m length overall, with a 2.25m beam, the 615C’s ultra-smooth ride is the result of its high-tech Waveslicer non-pounding, deep-V hull, while the expertly-engineered Rigideck sub-floor system ensures maximum hull strength. The boat is extremely stable at rest, thanks to Bar Crusher’s exclusive Quickflow water ballast technology.

The evolutionary Gen2 hull design combines key features including a wider negative chine running forward, optimised wider chine aft and the distinctive Delta Flare – delivering greater hydrodynamic lift for more efficient planning and improved fuel economy, a higher bow attitude and better spray deflection for a drier ride, as well as increased stability at rest.

This package is available with both Yamaha and Suzuki 4-Stroke Outboards

We offer in house finance and insurance packages to approved customers. Call us today to tailor a Bar Crusher package to suit your needs.
