Whether charging the bar as you’re heading out fishing or punching into a messy sea on your way back to the ramp, Bar Crusher’s 615HT will get you there – quickly, safely an in confort. Nothing beats a hard top boat for protection from the elements.

Measuring 6.15m length overall, with a 2.25m beam, and constructed from heavy duty, high-tensile 4mm (bottom sides) and 4mm (top sides) marine grade plate aluminium, it incorporates all of Bar Crusher’s exclusive features - high-tech Waveslicer non-pounding, deep-V hull, super-strong Rigideck sub-floor system with fully-welded checkerplate floor; and Quickflow water ballast technology for superior stability at rest.

The evolutionary Gen2 hull design combines key features including a wider negative chine running forward, optimised wider chine aft and the distinctive Delta Flare – delivering greater hydrodynamic lift for more efficient planning and improved fuel economy, a higher bow attitude and better spray deflection for a drier ride, as well as increased stability at rest.

This package is available with both Yamaha and Suzuki 4-Stroke Outboards

We offer in house finance and insurance packages to approved customers. Call us today to tailor a Bar Crusher package to suit your needs.
