- Trailer Stone Guards
- Outriggers

Bar Crusher’s 670BR pulls triple duty as the ultimate family boat, fishing boat and sports boat.

This new model is a dual-console bowrider design, with the walk-through windscreen providing access to a comfortable forward lounge, which quickly converts to a large and functional casting platform. The fold-away rear lounge, interchangeable baitboard/skipole and other innovative features make it a truly versatile family/fishing/sports boat.

Whether it be towing the kids around the lake in a ski biscuit to water skiing with friends down the river, or an early morning session chasing snapper to an afternoon snorkelling your favourite reef, the 670BR can do it all!

Measuring 6.70m length overall, with a 2.35m beam, the 670C is constructed from heavy duty, high-tensile 5mm (bottom sides) and 4mm (top sides) marine grade plate aluminium. Its high-tech Waveslicer non-pounding, deep-V hull delivers an ultra-smooth ride, the expertly-engineered Rigideck sub-floor system ensures maximum hull strength and Bar Crusher’s exclusive Quickflow water ballast technology ensures the boat is extremely stable at rest.

The innovative Quickflow system incorporates a cavity running the full length of the keel that quickly fills with water when the boat is stationary, which lowers the chines into the water for greater stability, and drains in seconds as the boat moves forward to allow it to leap effortlessly onto the plane.

This package is available with both Yamaha and Suzuki 4-Stroke Outboards

We offer in house finance and insurance packages to approved customers. Call us today to tailor a Bar Crusher package to suit your needs.
