Bar Crusher’s 730HTP is a bullet-proof offshore fishing machine that offers the ultimate in protection from the weather, as well as the opportunity to stay overnight – on the water or on the road – with its fully-enclosed and lockable pilothouse.

From charging offshore to battle large pelagics to targeting inshore species with the family onboard, Bar Crusher’s 730HTP will get you there – quickly, safely and in comfort. Nothing beats a hard top for protection from the elements – except a fully-enclosed pilothouse!

Constructed from heavy duty, high-tensile 5mm (bottom sides) and 4mm (top sides) marine grade plate aluminium, the 730HTP measures 7.30m length overall, with a 2.45m beam. Its high-tech Waveslicer non-pounding, deep-V hull delivers an ultra-smooth ride, the expertly-engineered Rigideck sub-floor system ensures maximum hull strength and Bar Crusher’s exclusive Quickflow water ballast technology ensures the boat is extremely stable at rest.

The innovative Quickflow system incorporates a cavity running the full length of the keel that quickly fills with water when the boat is stationary, which lowers the chines into the water for greater stability, and drains in seconds as the boat moves forward to allow it to leap effortlessly onto the plane.

This package is available with both Yamaha and Suzuki 4-Stroke Outboards

We offer in house finance and insurance packages to approved customers. Call us today to tailor a Bar Crusher package to suit your needs.
