Description

Next generation features, next generation styling, original reliability.

Yamaha’s all-new, V6 Offshore series takes the proven 4.2 litre engine platform to the next level by incorporating technological advancements previously only seen on Yamaha’s flagship V8 425hp XTO.

The new F225 not only looks good with it's more aggressive styling, but comes with Yamaha's Thrust Enhancing Reverse Exhaust system, which delivers increased prop grip and thrust for improved maneuvering in docking situations and reversing up to your next big catch.

Terms & Condition
This weekly repayment estimate is provided by Stratton Finance Pty Ltd (Australian Credit Licence No. 364340) ("Stratton"). Stratton is a finance broker. This repayment is calculated with an interest rate of % p.a. over a term of months. The interest rate is indicative of the rates on offer through Stratton's lending panel. The repayment estimate applies to the price shown. The price shown may not include other additional costs such as stamp duty, government fees and other charges payable in relation to the item. This estimate should be used for information purposes only and is not an offer of finance on particular terms. Credit fees, service fees and charges may apply. Credit to approved applicants only. A quote, details of all fees and charges may be obtained by contacting Stratton via stratton.com.au or calling 1300 955 600.

1 Railway Road North Mulgrave NSW 2756

Another cool feature is the new Total Tilt™ system which allows the outboard to fully tilt up and down from any position, with a simple double push of the Up or Down Tilt buttons. This not only makes operation easier, but the new mounting bracket system allows the engine to sit higher out of the water when not in use, for improved long-term durability and protection.

When combined with Yamaha’s Helm Master EX control system, the new V6 Offshore 225 delivers a boating and fishing experience unlike any else on the water.
